## WHAT IS STUNXT?

**StuNxt** is a social media platform that bridges between students, mentors and experts. It helps them build a professional network, on the principle of **connect | collaborate | create**. Here, they share about their work, follow other's work, create pages, build groups and write blogs. A pool of intellectuals, learners and beginners make StuNxt a place of progress and productivity.

## WHY STUNXT?

1. Lack of professional network
2. Lack of communication with other students, experts, and mentors.
3. Lack of skills and guidance.
4. Lack of network with like-minded people and no teamwork.
5. Lack of knowledge sharing and collaborations.

## HOW IT WORKS?

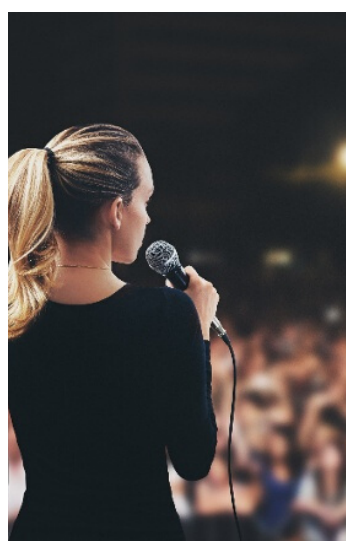

Here, people share information which will be related to their work or field of interest, by looking at any user's profile we can come to a conclusion about the field they are working on (through a specific column called 'Interest/Expertise') if that interests you, you can get in touch with that person through chat!
